

Your Health Your Neighbourhood

2020

A regular newsletter providing local help and support to promote self-care and better health. For advertising enquiries, contact rbccg.winyateshc@nhs.net. The Nightingales team are Winyates, Crabbs Cross Medical Centre, Crabbs Cross Surgery, The Ridgeway, Hollyoaks & Hollywood.

NIHR | National Institute for Health Research

We need your support with a Covid-19 survey.

Please complete and share the below link to help us better understand your views about vaccines. Please visit tiny.cc/covidvaccine to participate.

PEEP

PEEP is a learning together programme, aimed at families, to value and build on the home learning environment and relationships with their children, by making the most of everyday learning opportunities: listening, talking, playing, singing, and sharing books and stories together.

PEEP supports babies and children to make the most of their opportunities by becoming confident communicators and active learners ready for school.

Groups are separated into ages to be able to focus on the development of the child's stage of development (baby peep and mini-movers).

10-12 week course, 1-hour sessions. Please call the Redditch Holly Trees family hub on 01527 61360.

We must keep on protecting each other.
